SCIENTISTS WAIT FOR COMET COMING

They Are Prepared to Meet It With An Avalanche of Telescopes and

comet will be greeted Wednesday on its closest approach to the earth, by a battery of telescopes, flanked by rapid fire lenses in the celestial cameras of the naval observatory, the only national observatory, the only national observatory in the United States. The government observers are prepared for the great star that is rushing through space, and elaborate calculations have space, and elaborate calculations have been made as to the minute and second The Customs Officers Are Busy Sort- deem it wise or advisable at this time 18th of August last, against Secretary In the Ballinger-Pinchot Controversy as the flying comet will be at a given place in the heavens where it will be ob-

served and postographed.

Among the scientists there is some difference of opinion as to the effect the comet will have upon the earth but the differences are minor. Prof.
